What is PA7 about?

- Brief overview: PA7/EUSDR
- Organization and management
  - Steering group
  - Working groups
  - Flagship projects
- Main targets
- Progress of PA7 and strategic focus
EU Strategy for the Danube Region (EUSDR)

- EUSDR aims to jointly address common challenges and utilize opportunities
  - 14 countries, 5 of which non-EU
  - 4 pillars and 11 priority areas (PA)
  - each PA is managed by two coordinators from different countries
PAC teams and SG members

- The Priority Area Coordinators (PACs) are leading the Steering Groups (SGs), which are the expert drivers of a day-to-day implementation.

- The role, capacities, resources and engagement of PACs and the Support teams are key to success;

- The PACs, together with the SGs, ensure the implementation of the EUSDR (e.g. by planning, targets setting, by ensuring contacts between project promoters, programmes and funding sources, and by providing technical assistance and advice);

- Work of PACs is trans-national, inter-sectorial and inter-institutional;

- PACs support reporting and evaluation of the EUSDR (i.e. identify progress related to the improvements that the actions and projects deliver and achievement of targets)
PA7 – Developing Knowledge Society through Research, Education and ICT

- Aims at:
  - better linking education and research policies,
  - increasing investments and
  - better coordination of national, regional and EU funds
    in order to

**stimulate excellence in research and development and develop and implement strategies to improve the provision and uptake of ICT.**

- Coordinated by Slovakia and Serbia, with the involvement of a wide network of key stakeholders.
PA7 Targets

1. To increase the effectiveness of investment in R&I through establishment of a funding coordination network aiming to initiate a minimum of 2 dedicated EUDSR activities each year.

2. To increase the number of co-publications in the region by 15% by 2020.

3. To develop RIS3 in all Danube countries (or their regions) by 2020.

4. To reach 20% of academic mobility within the region by 2020.

5. To increase the number of EPO and PCT patent applications from the Danube Region by 20% by 2020.

**Progress of the PA7 in period 2015-2017**

- **Progress on policy level:**
  - The main PA7 activities are focused on a wide dissemination and policy level advocacy for the EUSDR, PA7 targets and obtaining support for the most relevant PA7 actions.
  - Main policy achievements: rising visibility of PA7 targets and actions; enhancing cooperation among DR countries focused on more effective spending of existing resources.
  - Cooperation with DTP
Progress of the PA7

Concrete achievements:

- Establishment of Danube Funding Coordination Network, DFCN (2016) - to coordinate and synchronise national, bilateral and regional efforts in the DR in order to foster multilateral collaboration in R&I.
- EUREKA-Danube Region Call (2 calls up to now, in 2015 and 2017)
- Multilateral call for funding scientific and technological cooperation projects in the Danube Region with participation of AT, CZ, RS and SK (2016/2017).
- Progress in the field of RIS3 development in the DR countries (in close cooperation with EC JRC)
- Initiated cooperation with COST
- Under the umbrella of Danube-INCO.NET project - developing mechanisms for recognition and labelling of the most relevant project proposals for the EUSDR and PAs. Also the project strongly supported policy dialogue, establishment of Danube Technology Transfer Centers and coordination of funding mechanisms.
Support to process of RIS3 development in Danube Region countries

Enhancing Danube Coordination Funding Network (DFCN) aiming at the better coordination of available financial resources in the Danube region

Strengthening cooperation among education and research institutions and industry in the Danube Region
